

## ***Help Celebrate Pennadel Mental Health Center's 50<sup>th</sup> Year Anniversary***

November 28<sup>th</sup> is GIVING TUESDAY, the universal day of giving. In the spirit of giving, please consider making a tax-deductible donation to Pennadel Mental Health Center. We are a local community mental health center that has been providing treatment, services and supports to children, adolescents and adults, many of whom are your friends and neighbors here in Bucks County, for 50 years. Pennadel Mental Health Center is dedicated to promoting community well-being through the provision of comprehensive behavioral health treatment options, education and supports to individuals and families in Lower Bucks County.

Mental health treatment is needed more than ever right now and your gift can help us to assist the many individuals and families who need us. We thank you for any financial support that you are able to give, either on GIVING TUESDAY or at any point during the holiday season.

Please go to our website: [www.penndelmhc.org](http://www.penndelmhc.org) and then to the "How Can I Help" dropdown. Then choose "Donations" and you'll find a DONATE button. You can also send a check, made out to Pennadel Mental Health Center, to PMHC, 2005 Cabot Blvd. Langhorne, PA 19047, ATTN: Giving Tuesday. We appreciate all contributions, big and small. Happy Holidays!
